## Opportunities

# ABOUT HARMONY

Since 1996, Harmony has provided innovative programming and therapeutic services across the state of Tennessee impacting more than 172,000 children, families and individuals. In partnership with the Tennessee Department of Children's Services, we offer support for children and families at every phase of the foster care and permanency journey.

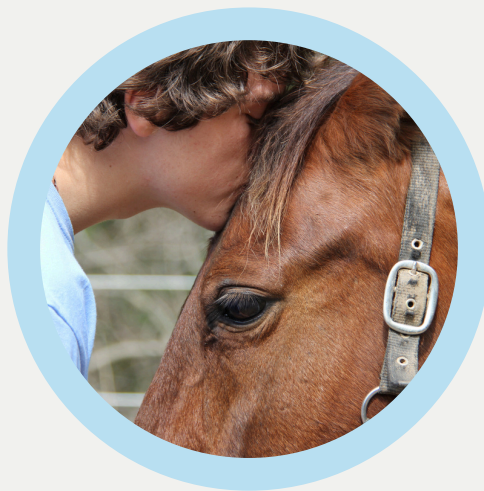

Harmony has always been committed to standing in the gap where there are unmet needs, which has led to the expansion of our services to include training our communities on the impact of trauma, animal-assisted therapies, outpatient services, and therapeutic camps at our Montvale facility.

We are committed to continuing to create innovative opportunities for healing and growth so all may live their best lives.
